

SPECIAL FAVORS FOR SMITH

Governor Holcomb Saves Him from Losing His Company Command.

POLITICS OUTWEIGHS PHYSICAL DEFECT

Incident Which Shows How Great Men Can Change Their Minds on Matters Concerning Qualifications for Military Service.

LINCOLN, June 22.—(Special.)—The word has been received here that E. F. Smith, prospective captain of an Omaha company in the new Third regiment, had failed in the physical examination on account of defective hearing, but that as a result of an earnest request from Governor Holcomb and Congressman Stark to the War Department, Smith has been accepted in spite of the disability. This action is the cause of much outspoken criticism, against the governor—not because Smith has been favored, but because the governor declined to make a similar effort in favor of the rejected officers of the First and Second regiments. When Colonel Bischof, Major Scharman and Decker and the others were put on the rejected list the governor absolutely refused to intercede for them. He said that it would be wrong and against public policy to accept any but physically sound men, and denied that any instructions to the contrary from the War department had ever reached him. It is now positively known that Lieutenant Stosenberg, the mustering officer, did receive instructions, both by telegraph and mail, to muster in the rejected officers, but it is certain that the instructions were totally disregarded.

Where Politics Appear.

Now the complaint is because Bischof, who has passed an examination at Annapolis; Decker, who walks from ten to twenty miles daily carrying mail; Scharman, who is a perfect specimen of physical manhood, and a number of other trained officers were slaughtered for political reasons, while Deputy Attorney General Smith is retained as an officer, although his physical defects are worse than those of any of the rejected officers. It is regarded as political favoritism of the worst sort. Major Decker is a populist and he believes now that had he been a democrat he would not have been rejected. Decker's friends openly charge that the governor is a friend of the democrats and that he regards populists and republicans with equal disfavor.

The policy of the governor in sending the Indianapolis company to Fort Omaha after the government was ready to receive troops there is being seriously questioned. It is feared that the expense of keeping the company there reaches about \$200 per day, and that the War department, not having authorized the move, the state will have to stand the expense. It is pointed out that the men of the company are neither in the state nor in the service, and that the government has no respect on the same footing as the other companies of the Third regiment, and that there is no more reason for the government to pay their expenses than there is to pay the expenses of the men of the other companies. The acknowledgment is made at the state house that the move is decidedly premature in this matter, and that in his attempt to hurry the War department he is saddling a burden of expense on the state.

Several other companies of the Third regiment are asking for the privilege to move to Omaha at once. It is feared that a move is made it will be hard to keep the men together much longer. The Wakefield company telegraphed General Barry yesterday asking to be allowed to march to Omaha, the men paying their own expenses on the way. General Barry was not here, and it is not known whether he would accede to the request. The members of the company being still private citizens, there is nothing to prevent their going on the march toward Omaha if they see fit.

Wants the Turkish Removed.

Chief Weldon of the fire department has issued an order asking merchants to clean out the arway under their awnings and the danger of fire-crackers igniting waste paper and causing damage. At its last meeting the city council authorized the disposal of bonds by popular subscription and City Treasurer Atkin has already received \$25,000 for the purchase of them. The bonds bear 4 1/2 per cent interest, which is paid semi-annually. St. Theresa's parochial school closed last night with an interesting program at Lyceum hall. Miss Tillie Weiback was the only graduate this year. Her diploma was presented by Father Nugent, who was also the graduation medal. Master Charles O'Reilly drew the gold medal for perfect attendance.

Last Night E. Snyder, who has been janitor at Clinton school since it started seven years ago, was surprised by a merry band of school children who came to his home bringing refreshments with them. Mr. Snyder resigned his position not long ago and will soon leave to make his home with a son in California, and the children, with whom he is a favorite, hit upon a party as the best way to show their regard for him.

The first lot of recruits for the Second regiment went south over the Missouri Pacific last night laden with regular army rations for two days. They were: L. N. McNeil, Charles G. Lawler, Isaac L. Harper, P. R. Luch, Bert P. Group, W. B. Miller, Clarence S. Murphy, Horace P. Warren, C. E. Gump, Reid F. Stiff and George Bostater, Jr.

LANCASTER COUNTY PRIMARIES.

League Hall, for Congress, carries the City of Lincoln.

LINCOLN, June 22.—(Special Telegram.)—The republican primaries were held in this city today to select delegates to the county convention which occurs tomorrow afternoon. In the city the only warm contest waged was between O. W. Webster and Fred Beckman, candidates for county commissioner, and this was confined to the Fourth ward, where both candidates live. Beckman secured the delegation by a majority of thirty votes, out of a total of 530. It is believed tonight that Judge Hall, candidate for congress, has a majority of the city delegates, and he is also the strongest in the county at large. Only two wards are pledged on the congressional question, and the contest will be decided in the convention. For state senator A. R. Talbot so far has no opposition in the city. The county gets two senators and the other candidate will come from the country. The one most prominently named is J. C. P. McKesson, who served in the 1895 session. For the house the leading candidates in the city today are Paul F. Clark, Joe Buras and A. W. Lane. There will be six candidates for the house selected, three to come from the country.

EDMISTEN IS BESET BY TROUBLES.

His Gag Appointment Insists on Harassing His Peace of Mind.

LINCOLN, June 22.—(Special.)—There is trouble in the populist camp, as indicated by the hurry with which Chairman Edmisten from Lincoln to Omaha today. Just what the trouble is has not been given out, but it is understood to relate to the unpleasantness created by the proposed disfranchisement of the Douglas county populists.

Under the plan of appointment which Edmisten ran down the state committee a week ago, Douglas county has been threatening trouble in case the appointment was not changed before the delegates to the convention are chosen, and they are accorded a fair representation in the convention.

It is said the Douglas county populists are preparing to appeal to the state committee, representing that the committee did not know what it was doing when it accepted the Edmisten appointment.

Edmisten was very much discouraged, and confided to his friends he would resign his departure, that he saw no way out of it except by placating the Douglas county people with some sort of a meaningless concession.

Verdict for Plaintiff.

BEATRICE, Neb., June 22.—(Special Telegram.)—The jury in the case of Kozak against the Modern Woodmen of America returned a verdict for plaintiff for the full amount, \$3,000. Kozak's body was found in a burned haystack with a bullet hole in his temple and the company refused to allow the claim on the plea of suicide. The bullet was taken from Kozak's head, and together with a note found near him, were produced in court by the defense. The plaintiff succeeded in proving that the bullet was a 32-caliber and the revolver 35-caliber, which point practically decided the case as above stated.

Stolen Property Recovered.

PENDER, Neb., June 22.—(Special.)—Monday night Sheriff Tadlock of this county accompanied by J. C. Hendrickson of this place, executed a search warrant on the farm of a farmer who lives about ten miles northwest of Pender, for the recovery of stolen goods. Their search proved successful and they brought back to Pender some fifteen or twenty sets of farm harness, which were stored away in a large box in the house and covered up by poles and hay. The harness were all produced at home at the time as he is now doing time in jail at Wayne for petty larceny of which he was convicted in that county a short time ago. As soon as his sentence there expires he will be tried for the other offense of which the evidence is clear.

Heavy Storm.

ATLANTIC, Ia., June 22.—(Special.)—A terrific wind, rain and hail storm passed over this city early this morning. Water to the amount of 2.93 inches fell, the most of which was between 2 and 3 o'clock. The creek overflowed, sweeping barns and bridges before it, and many living near it were in danger of being drowned and as a warning the fire bells sounded the riot call. The Chicago, Rock Island & Pacific Rocky mountain limited was stalled here, and the tracks were under a foot of water and covered with debris that took nearly two hours to remove. East of here on the Chicago, Rock Island & Pacific railway main line there were several washouts and trains are clear off schedule time.

Court at Falls City.

FALLS CITY, Neb., June 22.—(Special.)—In the district court of Richardson county Tuesday Elmer Urbach of Brownville was convicted of having stolen \$65 of clothing. Harris, who conducts a store near the B. & M. depot. The evidence tended to show that Urbach came to this city on the 28th day of May last and went into Harris' store and when an opportunity presented itself took the money. Harris, who was in the store at the time, saw Urbach take the money, but a few moments, returned a verdict of guilty. The court fixed the sentence at five years in the penitentiary at hard labor. Urbach comes from a good family in Brownville.

LINCOLN HAS A BAD FIRE

Fitzgerald Building is Totally Destroyed with Its Contents.

PROPERTY WILL NOT BE REBUILT

Beatrice Creamery Company and Lau Wholesale Grocery Company, Tenants, Are Both Losers—Insurance Is Heavy.

LINCOLN, June 22.—(Special Telegram.)—This city had another disastrous fire tonight. The Fitzgerald building near the B. & M. depot caught fire and was entirely destroyed. The building was a five story structure with a sixty foot front and was one of the best in the city. It was occupied by the Beatrice Creamery company and the H. P. Lau wholesale grocery company. Only a few of the office fixtures and papers were saved from the creamery company. A small amount of goods was saved from the Lau stock.

The fire for a time threatened the Burlington depot, the express offices, the buildings occupied by the Lincoln Drug company and the wooden row near the depot. Hard work on the part of the fire department confined the flames to the Fitzgerald building. The water pressure was weak at all times, and it was never strong enough to reach the top of the burning building. The burning of the butter and other oily matter in the creamery made a frightful heat which at times drove the firemen back so far that the streams would not reach any part of the building.

The creamery company loss will be about \$30,000, with insurance amounting to \$15,000, carried in companies owned by J. W. Plank, as agent. The wholesale grocery stock was owned by the H. P. Lau estate and was valued at \$70,000, with insurance for about one-half that amount, carried in companies represented by D. E. Thompson. The distribution of the insurance losses and the amount carried on the Fitzgerald building cannot be learned at this hour.

The building was owned by the John Fitzgerald heirs. There is no prospect that it will be rebuilt. The creamery company will open up its egg packing business tomorrow, but it will be some time before the butter factory can get going again. The factory here had a capacity of a carload of butter per day, and had as feeders separator stations in all parts of the state. The loss of the factory here will cause practically a stoppage of business at all the separator stations, and the damage to the business will be serious. The principal members of the company are George E. Haskell and W. W. Bosworth of Beatrice and Morris Friend of Lincoln. It is learned later to-day that the Fitzgerald building was insured for about \$40,000. The property has been in litigation for a year. The building originally cost \$100,000.

SWEDISH MISSION COVENANT

Convention of a Notable Church Body Opens Its Sessions.

Credentials of Delegates Passed Upon and Appointments for the Present Session Named by President Bjork.

There is a large and representative attendance at the conference of the Swedish Mission covenant at the Mission church on Twenty-third street. More delegates are arriving and before the week is out it is expected there will be a full attendance.

Yesterday's business meeting began at 9 o'clock, with President C. A. Bjork of Chicago, president. The first business at hand was the report of the committee on credentials. No one has a voice or vote in the convention except those chosen by the churches. Each church sending to the covenant has the right to send two delegates.

There was a discussion following this report, on those churches which had applied for admission to the covenant. The following were voted on and accepted: The Swedish Lutheran Mission congregation of Orona, Mich.; the Swedish Mission congregation of Denver, Colo.; the Swedish Christian Mission church, Little Falls, Minn.; Swedish Evangelical Mission church, North Park, Chicago.

The Swedish Congregational church of Los Angeles, Cal., tendered its resignation from the covenant.

After the report of the president the appointment of committees on missions for the ensuing year followed. The committee on foreign missions was selected as: Adolf Lydell, C. V. Bohman, Otto Hogfelt, Adolf Juhlin, D. Brunstrom.

The committee on home missions is: Rev. J. P. Lindell, Rev. H. Bloom, Rev. Neils Nelson, Rev. A. J. Larson, Rev. K. A. Soren, Rev. John Peterson, Rev. O. G. Olson.

The Mission Covenant has grown to be one of the leading religious bodies among the Scandinavians in this country. Its members number about 300. The congregation belonging to the covenant number about 140, and there are probably as many more cooperating with the same. It conducts and supports a prosperous foreign mission in China and one in Alaska. It is also actively engaged in promoting home missions. It supports a benevolent and charitable institution in Chicago, known as the Home of Mercy; also an educational institution, North Park college, located also at Chicago.

Chooses Its Officers.

The election of officers for the ensuing year took place at last night's meeting of the mission delegates. The church was crowded to the doors and there was lively interest manifested in all that was going on.

Most of the officers were re-elected, as follows: President, Rev. C. A. Bjork, Kerkhoven, Minn.; secretary, Prof. A. Nyvoll, Chicago; assistant secretary, Prof. A. Mellander, Chicago; trustee for three years, Mr. A. Wahlberg, Chicago.

The evening session was devoted to the home missions. Good, inspiring sermons were delivered by Rev. P. J. Pearson, Marinette, Wis., and Rev. Constantine Olson, Chicago. Good singing by the Andrena, the church choir, and by Prof. Hallman was a prominent factor of the meeting.

The following committee was chosen to look after the Swedish covenant schools: Rev. John Westman, Chicago; Rev. August Pohl, Chicago; Rev. C. Olson, Chicago; Rev. J. Hendrickson, Chicago; Mr. A. Julia, Chicago; Rev. P. E. Johnson, Chicago; Rev. Hjalmar Sundquist, St. Paul; Rev. Gust Lundquist, Ironwood, Mich.; Rev. J. B. Johnson, Des Moines, Ia.; Rev. P. J. Pearson, Marinette, Wis.; Rev. N. Peterson, Randolph, Kan.; Rev. Emanuel Berg, Chicago.

The following committee on licensing of ministers was elected: Rev. N. Frykman, Minnesota; Rev. C. M. Youngquist, Nebraska; Rev. S. W. Sundberg, Illinois; Rev. N. A. Blomstrand, Iowa; Rev. J. G. Sjostrand, Rev. J. O. Bolen, Ohio; Rev. Neils Peterson, Kansas; Rev. A. E. Weststrand, Chicago; Rev. P. J. Pearson, Wisconsin.

At the afternoon meeting the report of the executive committee was read by the secretary, Prof. D. Nyvoll. Although it was a long report, it was listened to with the greatest of interest. The literary talent of the professor. After its reading it was unanimously accepted.

The secretary of finance, Prof. Mellander, gave his report, which was very encouraging. His report, which was very encouraging, reached the sum of \$45,717, which is about \$10,000 in excess of the current expenses. This \$10,000 is applied to the payment of the debt.

The report also showed that the covenant owns property to the amount of \$75,211.

DANISH LUTHERANS IN SESSION.

Annual Conference of the Evangelical Church of America.

About eighty delegates were present yesterday morning when the annual conference of the Danish Evangelical Lutheran Church of America met at the little church at Twenty-second and Leavenworth streets. During the day and this afternoon about twenty-five more delegates put in an appearance and within two days about 100 others are expected. A significant emblem—the sole decoration in the church is the model of a Danish sailing ship carrying the country's flag. It hangs suspended in the middle of the room to the front and probably serves to remind some of those present of the long trip from their far-away land.

The principal business yesterday was the report of the president of the church denomination in America. In his address read this morning, President P. E. Kjoed of Alden, Kan., referred to the fact that there were fifty-seven congregations and about forty ministers of the church. He reported the condition of the affairs as good during the year.

The meeting organized with Rev. P. Erikson of Chicago, president; Rev. August Faber of Marinette, Wis., secretary, and Rev. K. Istergaard of Ringsted, Ia., assistant secretary.

The Danish church has established a successful university at Des Moines for the education of Danes in the English language and other branches of knowledge. Among the delegates and members of the church there are some who have been trained in the Des Moines school. This shows that the church is a progressive institution, and that it is actively engaged in advancing the cause of education among their countrymen in this country.

At last evening's session the convention listened to a very interesting lecture from Prof. R. H. Westergaard of the Danish college at Des Moines.

BABY RAW ALL OVER

Crusts Came Off with Clothes. Suffered Terribly. Tried Everything without Avail.

CURED BY CUTICURA IN 3 WEEKS

My little sister (Annie Matthews, 3 Years, Charles County, Md.) had the worst form of vaccination, when only seven years old. She suffered terribly, and everything that we tried did not seem to do any good. Every time her mother would take her clothes off, every bit of skin would come with it, and she was raw all over. We tried everything, but nothing would cure her. I bought a box of CUTICURA (ointment) and a cake of CUTICURA SOAP, and they cured her in three weeks. Mrs. ELIZA ROYE, Feb. 24, '98. 1219 1/2 Street, N.W., Wash. D.C.

BABY BOY'S HUMOR CURED

When my boy was three weeks old, I noticed a roughness on his face, and it was very red. We had several doctors for it, but they did not cure it. I was told to try CUTICURA REMEDY, and after using one box and a half of CUTICURA (ointment) and CUTICURA SOAP, he was entirely cured. Mrs. W. G. LOVE, Feb. 26, '98. 1913 Wilder St., Falls, Pa.

MILK CRUST ON BABY CURED

When our baby boy was three months old, he had the milk-crust very badly on his head, and all that he had done was to scratch it, but he made it bleed by scratching it. I got a cake of CUTICURA SOAP, and a box of CUTICURA (ointment). I applied the CUTICURA and took a bath with CUTICURA SOAP, and he had half a box of CUTICURA (ointment) and he was entirely cured, and his hair came out. Mrs. H. F. HOLMES, Ashland, Or. Feb
